Name: _____

Partner: _____

Date: _____

Your assignment today is to hunt for the following sites on the Internet by subject matter. To begin, go to the Jefferson County Schools' home page at: http://ieffcoweb.jeffco.k12.co.us and find the Internet Search Tools. There, you will see many different Internet search engines, click on one of them and begin this assignment.

In the box that is displayed after you click on a particular search engine, you will see a blank box for you to enter key words to search the Internet. If you enter more than one word, you will need to put quotation marks in front of the words and at the end of the words. This make the Internet search looking for all words together when searching by clicking on the "begin the search box."

First let's search for music. Complete the forms below and you can attach extra page for notes: 1)
